

ODP 8-529

20 APR 1980

MEMORANDUM FOR: Director of Development and  
Engineering, ODS&T

FROM: Bruce T. Johnson  
Director of Data Processing, DDA

SUBJECT: KPG Computer

REFERENCE: Your Memo, dtd 7 April 1980,  
Same Subject

Under normal circumstances, this office knows well in advance what hardware upgrades will take place and when machines will be declared excess. However, in the last six months we have received new requirements which may dramatically alter our plans. Some examples are two new Community systems and a possible upgrade to Interim SAFE. Because of these changes, June 1980 is the earliest we will know what may be available in FY-81. Because of this fluid situation, I cannot commit to any hardware move for FY-82 at this time. As our plans become firm, I will be in contact with your organization.

/s/ Bruce T. Johnson

REF #0443

MEMORANDUM FOR: Director of Data Processing  
THROUGH : Director of Development and Engineering  
SUBJECT : KPG Computer

1. The KE Program will have a priority requirement for additional computer capability in late 1980 or early 1981. It is anticipated that, as a minimum, a machine with the capability of a 370-158 with attached processor, 5 megabytes of storage, and six channels will be needed.

2. We would like to know whether or not ODP and ~~STATINTL~~ pates having one or more machines in this general class in excess within the next two years. Request reply by 20 April 1980. Please refer any questions to [REDACTED] Deputy Chief, Ground Segments Division, KPG, (x2118).
